

# CPD001 - Famous Five

## This Product Promotes

## Product Description

Our Multi-skills zone for Primary schools consists of five specifically designed playground markings. The concept of the Multi-skills zone supports PE curriculum delivery, break times and lunch times and extended opportunities within the community. It has been implemented in thousands of Primary schools across the UK and independent research proves that we can deliver huge improvements in movement competency, confidence of individuals, behaviour patterns, participation in daily high quality physical activity and obesity prevention and health.
